

**Cable assemblies and wiring harnesses with RF, power, communication and fiber optic connectors, custom box builds**

**LNAs, DROs, and satellite grade filters**

**Circulators, isolators and power combiners in waveguide and coax**

**PWBs, specializing in rigid-flex and long flex**

**mmw and microwave amplifiers, bias tees, detectors, diplexers, image reject mixers, multipliers, switches, antennas, attenuators, filters, magic tees, terminations, waveguide and cryogenic versions**

**Aluminum transit cases: Mil-Spec and commercial for 19" & 9.5" racks, Li-ion batteries, hazardous materials, clean rooms, drones, optics, EMI protection, munitions, satcom, communications, etc...**
